VITAMIN SUPPLEMENT

COENZYMATED™ B-1

COCARBOXYLASE

SUBLINGUAL • 30 TABLETS

Supplement Facts

Serving Size 1 Tablet

	Amount Per Serving	%DV
Thiamin (from 25 mg cocarboxylase [Coenzymated™])	16 mg	1,067%

Other ingredients: sorbitol, mannitol, sodium citrate, natural peppermint flavor, and magnesium stearate.

THE BENEFITS OF COENZYMATED™ SUBLINGUAL VITAMINS

In order for vitamins to be utilized by the body, they must first be converted into their active coenzyme forms. Sublingual COENZYMATED™ B-1 goes directly into your bloodstream in its active form, ready to go to work immediately. This avoids the loss that may occur not only during digestion, but during the liver's conversion process as well. Thiamin diphosphate (TDP), also called thiamin pyrophosphate (TPP) or cocarboxylase, is the active, coenzyme form of vitamin B-1.*

Suggested Use: 1 tablet daily. Place tablet under the tongue and allow to dissolve slowly, altering the position of the tablet to avoid prolonged contact with the same area.

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
