*Percent Daily Values (%DV) are based on a 2,000 calorie diet.

†Daily Value not established.

Other ingredients: sorbitol, mannitol, natural peppermint flavor, modified cellulose gum, stearic acid, and magnesium stearate.

GABA CALM™ combines two of the main inhibitory neurotransmitters, GABA and glycine, with *N*-acetyl L-tyrosine, which is a precursor to the neurotransmitters dopamine and norepinephrine. In addition, taurine supports the calming effects of GABA. The lozenge form dissolves in the mouth for quick and convenient delivery.*
