MG19X

MetaGlycemX™ features a unique combination of green tea extract, cinnamon, and alpha-lipoic acid, nutrients that support healthy insulin metabolism when used as part of a healthy diet for maintaining healthy blood sugar levels already in the normal range. Green tea contains epigallocatechin gallate (EGCG), which may support healthy glucose metabolism. Alpha-lipoic acid is a potent antioxidant that acts as a free radical scavenger. MetaGlycemX also features other key supportive nutrients—including methylcobalamin, biotin, chromium, and vitamins C and E—combined in a well-rounded formula.*

Directions: Take two tablets once daily or as directed by your healthcare practitioner.

This product is non-GMO and gluten-free.

Caution: If pregnant or nursing, or taking medications, consult your healthcare practitioner before use. Keep out of the reach of children.
