

DIETARY SUPPLEMENT

## L-PROLINE L-LYSINE

275 MG / 275 MG 120 TABLETS

Supplement Facts Serving Size 4 Tablets Servings Per Container 30

	mount Per Serving	%D
Calories	20	
otal Carbohydrate	2 g	1%
/itamin C	1,147 mg	1,9129
(from calcium ascorbate and magnesium ascorbate)		
Calcium (from calcium ascorba	ite) 66 mg	79
Magnesium (from magnesium		129
-Lysine (from 1,374 mg of free	e-form, 1.1 g	
crystalline L-lysine hydrochlor	ride)	
-Proline	1.1 9	
Grape Seed Extract (Proanthod	yn™) 100 mg	
With a Procyanidolic Value of	95	
lawthorn Berry Extract .	100 mg	

Percent Daily Values (%DV) are based on a 2,000 calorie diet Daily Value not established. Other ingredients: sorbitol, stearic acid, microcrystalline cellulos

colloidal silicon dioxide, and magnesium stearate.

Suggested Use: 2 to 4 tablets daily with meals. Do not use if either tamper-evident seal is broken

ing. Keep out of the reach of children.

L-Lysine is one of 9 essential amino acids that cannot be made in the body. It is the basic raw material for carnitine synthesis. L-Proline can be made in the body, but low protein/vegetarian diets may not always promote optimal L-proline production. L-Lysine and L-proline amino acids are the precursors of hydroxylysine (HL), and hydroxyproline (HP), two constituents of collagen. Collagen is an essential component of arterial linings. Vitamin C, a strong antioxidant, is also essential for the production of collagen. Hawthorn berry and grape seed extract are potent natural antioxidants due to their high levels of proanthocyanidin. These proanthocyanidin-esters are excellent free radical scavengers.\*

NOTE: If you are pregnant, may become pregnant, o breastfeeding, consult your health care professional be fore using this product.

NOTE: Natural plant variations may affect tablet color. Suitable for vegetarians. Contains no yeast, dairy, egg. gluten, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
