

MBP® can help make your bone-building regimen stronger.

Strong, healthy bones give us the mobility and the means to enjoy life.

Our bodies reach peak bone mass at around age 30, so it's never too early to start caring for them. A healthy diet, weight-bearing exercise, and supplementing with Source Naturals® MBP® Bone Renew™ can help you build healthy bones for life.

WITHOUT MBP®

Effect of MBP® on Rate of Gain of Lumbar Spine Bone Mineral Density: Placebo-Controlled Trial, 35 Healthy Young Women

PILL SIZE

Dietary Supplement | 60 Capsules

What is MBP® and how does it work?

MBP® is a newly discovered milk protein fraction. It works by directly stimulating bone building cell activity.*

What makes MBP® a breakthrough ingredient?

MBP® encourages our bodies to use the calcium we get in our diets for healthy bone density. In four different clinical studies, participants benefited from MBP® after six months, while only getting calcium from their diets. The study among healthy young women showed a significantly higher mean gain in lumbar spine bone density for MBP® (1.57%) compared to placebo (.13%).¹ While seemingly small, a 1.57% gain is significant, and is 12 times higher than .13%. The remaining three studies also showed significantly higher results for MBP® compared to placebo. These studies indicate MBP® can help support healthy bones even without high potency calcium pills which some scientists link to calcium deposits in soft tissues and possible health risks.*

Supplement Facts

Serving Size 1 Capsule

Amount Per Serving

MBP® (milk protein)	40 mg†
---------------------	--------

mg†

†Daily Value not established

Other ingredients: lactose, gelatin (capsule), silica, and magnesium stearate.

Contains milk.

Suggested Use: 1 capsule daily.

WARNING: Do not consume this product if you are allergic to milk. This product contains only trace amounts of lactose, so it is typically not a concern for lactose-intolerant people. If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

MBP® BONE RENEW™ is a naturally-occurring protein complex contained in trace amounts in milk. MBP® promotes healthy bone density by increasing the growth of bone forming cells and making bones more receptive to calcium. MBP® has been shown in four double-blind, placebo-controlled human clinical trials to support healthy net bone formation in women of all ages after 6 months of use. MBP® should be taken once daily.*
STORE IN A COOL, DRY PLACE.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Contains no yeast, egg, gluten, soy or wheat. Contains no preservatives, or artificial color, flavor or fragrance.

MBP® is a U.S. registered trademark of MEDIMILK SNOW BRAND Co., Ltd. and is protected under multiple U.S. patents.
