

USAGE: Take 1 softgel per day, preferably with food or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (especially cholesterol medications), consult your healthcare professional before using this product.

Jarrow Formulas® Ultra Policosanols provides long-chain fatty alcohols that collectively have been shown to influence cholesterol metabolism.*

Lecithin is important in the emulsification of fats for enhanced nutrient absorption, and is rich in phosphatidylcholine, a critical component of cellular membranes.

Lecithin and **medium chain triglycerides (MCTs)** have been added to this formula to improve the absorption of the policosanols.

Keep out of the reach of children.
