

• PROFESSIONAL GRADE SUPPLEMENTS •

The R+ALA version of ALA is the purest form of Alpha Lipoic Acid. R+ALA helps the body remove sugar from the bloodstream and has an impressive ability to aid in the delivery of a wide variety of other nutrients, including creatine. Many people using R+ALA report higher energy levels for sustained periods of time.*

Commercially available ALA products on the market today tend to be cheaper and consist almost entirely of the S(-) isomer of Alpha Lipoic Acid. These inferior products have significantly weaker nutrient delivery and antioxidant properties. If a label does not specify R+ALA, it isn't.

ALLMAX R+ALA contains a full 125 mg of the pure biologically active R+ isomer, the mitochondrial form found naturally in the human body.*

Make the switch to the purest most bio-active ALA, ALLMAX R+ALA.

Supplement Facts

Serving Size 1 capsule
Servings Per Container 60

Amount Per Serving

		% Daily Value
R-Alpha Lipoic Acid	150 mg	†
(Yielding 125 mg of Active R (+) ALA Isomer)		

† Daily Value not established.

Other Ingredients: Rice Flour, Magnesium Stearate and Hypromellose.

DIRECTIONS: Take 1-2 capsules of R+ALA 2-3 times daily. Due to the nutrient delivery properties of this product, it is recommended to take R+ALA with meals, and/or supplements that require effective nutrient delivery into muscle cells* - for example creatine & protein supplements.

WARNINGS: Consult a healthcare practitioner prior to use if you are pregnant or breastfeeding or have diabetes. Discontinue product if you experience symptoms that could suggest hypoglycemia. Do not use if inner seal is broken. KEEP OUT OF REACH OF CHILDREN. Store in a cool dry place away from direct sunlight.

CALIFORNIA WARNING: Lead is known to the State of California to cause birth defects or reproductive harm. Consuming this product can expose you to more than 0.000005 g of lead. For more information go to www.P65Warnings.ca.gov.

ALLERGEN WARNING: Produced in a facility that also handles Milk, Soy, Wheat, Egg, Peanut, Tree Nuts, Fish, Crustacean and Shellfish products.
