Serrapeptase (Supplying 60,000 Units [2000 U/mg])	30 mg	*

*Daily Value not established.

Other Ingredients: Cellulose, Vegetable Cellulose Capsule, Maltodextrin, Silica, Magnesium Stearate and Enteric Coating.

Discussion: Solaray® Nattokinase and Serrapeptase is intended to provide nutritive support for normal, healthy blood flow and circulation. Nattokinase is a fibrinolytic enzyme extracted from the traditional Japanese food natto. Serrapeptase is a non-animal, proteolytic enzyme derived from a controlled fermentation of the bacterial strain *Serratia* spp. Solaray® Nattokinase and Serrapeptase is enteric coated, which helps the capsule survive the stomach acid and pass into the small intestine.
