

**meijer**BABY  
liquid drops **D<sup>3</sup>****400 IU Per Drop**  
About 365 Drops

Give your baby the support and nutrients their little bodies crave! Vitamin D, often known as the sunshine vitamin, is an essential nutrient that is found in a wide array of foods, including dairy. Unfortunately, many nursing infants don't get enough of this important vitamin. Meijer® Baby D3 Liquid Drops delivers 10mcg/400 IU per drop, the amount recommended for breastfed infants by the American Academy of Pediatrics (AAP). Our convenient formula is free of dairy, gluten, and soy and seamlessly mixes with your baby's food or drink.

This product contains 9.2mL which will only fill approximately 1/2 the bottle.
