*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Enzyme deficiencies may result from a combination of age, diet and lifestyle. These deficiencies can lead to a variety of digestive discomforts, including occasional gas, bloating, irregularity and indigestion.

Fortifying the digestive system with enzymes and probiotics may promote optimal digestion while maintaining the digestive system's natural balance to support overall health.*

Digest Basic™ +Probiotics contains a gentle enzyme formula that breaks down carbohydrates, fats, fiber and protein.* Probiotics provide additional digestive support by boosting enzyme production and promoting regularity.*

Recommended Use: 1 capsule with each meal. More may be taken as needed. For higher enzyme potency, Enzymedica's **Digest™ +Probiotics** or **Digest Gold™ +Probiotics** may be helpful.

Thera-blend™ is an exclusive process that combines multiple strains of enzymes that work in various pH levels. Thera-blend enzymes have been shown to be three times stronger and work more than six times faster than leading digestive supplements.* For more information, visit www.enzymedica.com.

*When taken three times daily.
