*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Occasional gas and bloating often result from fermentation of food, like plant fiber, in the colon.

VeggieGest™ contains a high-potency enzyme, Alpha Galactosidase, that is key in digesting the sugars from beans, grains, raw vegetables and other foods that create digestive discomfort.*

VeggieGest may assist the body in breaking down and assimilating these foods, which takes stress off the gallbladder, liver and pancreas.*

Recommended Use: 1 capsule with each meal. More may be taken as needed.

Thera-blend™ is an exclusive process that combines multiple strains of enzymes that work in various pH levels. Thera-blend enzymes have been shown to be three times stronger and work more than six times faster than leading digestive supplements.* For more information, visit www.enzymedica.com.
