Pure Sacha Inchi Protein

- 20g Protein Per Scoop
- Complete Protein With A Full Amino Acid Profile
- Paleo/Vegan/Pegan[®] Compliant
- Packaged In A Dedicated Gluten Free Facility
- Nut Free & Gluten Free

Sacha Inchi protein is highly digestive and contains 81% complete protein, with all the essential amino acids your body needs. This novel, natural protein has a delicious nutty flavor, making it a great stand-alone protein powder for smoothies or the perfect ingredient for bars, desserts, or baking.

It can be included wherever protein or Omega-3s are called for. Sacha Inchi powder is composed of the de-fatted Sacha Inchi seeds once it has been cold-pressed to produce Sacha Inchi oil. The dried powder amazingly contains one of the most highly digestible, low-irritant proteins, which sets it apart.

In addition to protein to build healthy muscle and body tissue, Sacha Inchi also has Omega-3s for joint health, heart health, muscle recovery and inflammatory conditions; dietary fiber for digestive health; and essential minerals for electrolyte balance and proper cellular function. It contains the perfect balance of Omega-3, 6, plus free radical scavenging antioxidants and has zero cholesterol.*

Produced in a dedicated Gluten-Free facility.
