

Directions: Take two capsules daily.

Heart Protect is the only grape product made from the entire crude red sour grape, including the vine, skin, and seeds. Heart Protect is a natural source of resveratrol and other grape antioxidants, including proanthocyanidins (OPCs). It also contains natural-source potassium, chromium, and vitamin C. Unlike grape seed extract, it is free of solvents and fungicides. Heart Protect is all natural and more powerful than mere grape seed extracts.
