

SYNTOL® is a combination of probiotics, prebiotics, and enzymes formulated to support the normal cleansing process of the digestive tract.* **SYNTOL** uses spore germination technology, a revolutionary process that delivers probiotic spores rather than living bacteria.* Spore germination technology is an extremely dependable means of delivering probiotics in less than ideal conditions.*

SUGGESTED USE: Take Syntol with 8 oz of water on an empty stomach. Start with 1-2 capsules per day and increase by 1-2 per day until you reach your desired amount. Larger daily doses may be split into 3-4 divided servings. For best results, please refer to the guide below.

MAINTENANCE: 2-4 Capsules per day.*

INCREASED SUPPORT: 6 Capsules per day.*

THERAPEUTIC: 9-12 Capsules per day.*

WARNING: Do not take this product without the consent of your physician if you are currently taking anti-coagulants or if you are pregnant or nursing.

Syntol utilizes phthalate-free Acid Armor capsules which have enteric properties that protect the enzymes from stomach acid without the use of chemicals and plastics commonly found in traditional enteric coatings.*
