

Suggested Use:

For acute symptoms take 60 drops initially in a small amount of water and follow up with 30 drops every hour until symptoms subside. When symptoms improve, increase the interval between doses. For chronic conditions, take 30 drops 3-4 times daily or as directed.

Safety Guideline:

Not to be used during pregnancy or lactation. If you have a medical condition or take pharmaceutical drugs, please consult with your doctor before use. Keep away from children. Use only as directed on label.
