

Magnesium is a mineral critical for energy production, muscle function, nerve impulse transmission and bone mineralization. It is integral to the metabolism of carbohydrates and the creation of healthful fats and proteins. Magnesium is primarily known to nutritionally support a calm mind and body, reduction of stresses, restful sleep and healthy bone density, as well as to promote immune and cardiovascular health.*

Free from artificial colors and artificial preservatives. Free from all of the major allergens identified in the U.S. Food Allergen Labeling and Consumer Protection Act.
