

NutriBiotic® Chocolate Rice Protein is a high quality, low carbohydrate, vegetarian protein powder. This easily digestible protein provides an extensive array of naturally occurring amino acids, the building blocks of protein.

Boost your nutrition and energy with this wholesome, protein rich formula!

NutriBiotic Rice Protein is produced by means of a unique enzyme process. A proprietary blend of organic plant enzymes is used to separate the fiber and carbohydrates from the protein portion of the whole grain, sprouted brown rice. Low temperatures used during processing prevent denaturing of the amino acids. NO CHEMICALS are used at any time. Due to this enzyme process, color, taste, and texture may vary.

GLUTEN & GMO FREE

Made without pesticides, herbicides, PCBs, preservatives, eggs, yeast, wheat, corn, and nuts.

Naturally Occurring Amino Acids Per 16 g Serving

Alanine	615 mg	Isoleucine *	454 mg	Threonine *	401 mg
