WHAT ARE BCAAs?

BCAAs are the building blocks of protein. They support muscle recovery and can help reduce soreness after workouts. Your body cannot produce BCAAs on its own. The only way to get them is through food and supplements.

WHY KAGED BCAAs?

Some BCAAs on the market are made from human hair and bird feathers. The Kaged BCAAs are 100% vegan, fermented, and non-GMO. We use the scientifically tested 2:1:1 ratio of BCAAs. With rapid and complete dissolution, your BCAAs will mix completely into water without the cloudy residue left behind. What does this mean for you? You get a premium BCAA that can take your training to the next level.

WE ARE KAGED
