

SUGGESTED USE Swallow (do not chew) one or two capsules with liquid immediately after eating, before going to bed or first thing in the morning. **Breath+Plus** can be used anytime, day or night, to help achieve clean fresh breath by helping to eliminate unpleasant odors caused by garlic, onions, alcohol, fish oils, tobacco, morning breath and more originating from the GI tract. Of course, one should also pursue an effective regime of oral hygiene to achieve optimally fresh, clean breath. **For answers to questions about the use of this product call 800.800.1200.**

720 Easy-to-Swallow Capsules

Andrew Lessman's BREATH+PLUS is a unique approach to help combat the most frequently overlooked source of bad breath – the Stomach; since the source of bad breath is often not the mouth, but the very nearby contents of the stomach and gastrointestinal tract. The natural breath fresheners in **Breath+Plus** work within the digestive system to help eliminate offensive odors from garlic, onions, alcohol, smoking, morning breath and more. The highly concentrated and standardized extracts of **Parsley Seed Oil, Peppermint Oil and Spearmint Oil** in **Breath+Plus** combine to create Mother Nature's most effective internal breath freshener to naturally help neutralize offensive odors originating from the stomach and GI tract. Best of all, since **Breath+Plus** is swallowed and not chewed, there's no unpleasantly overwhelming minty cover-up or aftertaste. If fresh breath is your goal, then **Breath+Plus** delivers the perfect complement to a sensible program of oral hygiene while addressing the most overlooked source of bad breath – the all too nearby contents of the stomach and GI tract.
