

USAGE: Take 1 softgel per day or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications (especially anticoagulants [e.g. warfarin/Coumadin]), consult your healthcare professional before using this product.

Jarrow Formulas® MK-7 is made via fermentation by *Bacillus subtilus natto*. MK-7 (Menaquinone-7) is an enhanced bioactive form of vitamin K₂ found naturally occurring in Natto that is ten times better absorbed than K₁ from spinach. MK-7 is responsible for the carboxylation of specific bone proteins needed for building bones.* Also, **MK-7** promotes cardiovascular health by helping to maintain arterial elasticity.*

Keep out of the reach of children.
