

USAGE: Take 1 tablet per day with meal, or as directed by your qualified health consultant.

Calcium ascorbate is Vitamin C fully reacted to calcium, providing a buffered, non-acidic form of ascorbic acid. Vitamin C is essential for the maintenance of connective tissue, collagen and bone health. Vitamin C scavenges free radicals and recycles the body's Vitamin E. Vitamin C also reduces lipid peroxidation after eating a fatty meal.*

Keep out of the reach of children.
