TROPHIX®
ULTRA SUSTAINED-RELEASE PROTEIN
CHOCOLATE SUPREME

Trophix® combines the top four proteins for human nutrition into a beverage product of the highest quality. Not only does it produce better results than stand-alone whey protein beverages, but it mixes instantly and tastes great in both water and milk. Trophix's® unique blend includes the following high quality protein sources that provide important amino acids over an extended period of time:

1. Undenatured whey protein...fast-acting protein that optimizes muscle growth by flooding tissues with a surge of amino acids.
2. Undenatured micellar casein...slow-acting protein that prevents muscle breakdown and creates long-term feelings of satiety and fullness.
3. Undenatured egg white protein...medium-acting protein that provides significant quantities of naturally occurring growth factors that promote health and recovery.
4. Glutamine peptides...fast-acting protein that provides large amounts of bioavailable glutamine, the most abundant amino acid in skeletal muscles.

The high-quality, great-tasting proteins in Trophix® mean you'll never have to choke down another disgusting, inferior protein shake again!

SUGGESTED USE: Based on taste preference, vigorously mix one scoop of Trophix® per 6–10 oz of water or milk for 30–60 seconds. For those with lower protein needs, one half scoop may be consumed with 3–5 oz of water or milk. Note the extra calories when combined with milk. Consume Trophix® two to three times per day to satisfy your protein requirements. Remember, the best times for consuming protein are immediately upon rising in the morning, after intense physical activity, such as weight training, and prior to sleep. Trophix® mixes instantly with a spoon and tastes great...**GUARANTEED!**
