

**RIBO
FORCE**
FULLY LOADED ATP POWERHOUSE

The Creatine saga has officially come full circle. After two decades of sugar laden transport systems and fancy "groundbreaking new technology", Creatine Monohydrate is still the most scientifically proven form of Creatine, backed by hundreds of studies showing its safety and effectiveness. InnovaPharm embraces science over hype and marketing, therefore we have included German sourced Creapure® Creatine Monohydrate in **RIBOFORCE**, for superior effectiveness and purity. **RIBOFORCE** also contains multiple patented ancillary ingredients that have been scientifically proven to promote ATP production, providing a profound advantage to athletes of all kinds.

elevATP® is protected by U.S. patent 9,327,005. elevATP® is a registered trademark of VDF FutureCeuticals, Inc., used under license. TRAACS® is a registered trademark of Albion Laboratories, Inc.

WARNING: This product is only intended to be consumed by healthy adults 18 years of age or older. Pregnant or nursing women should not use this product. Consult with your health care provider before using this product, especially if you are taking any prescriptions, over the counter medication, dietary supplements or if you have any pre-existing medical conditions including but not limited to: high or low blood pressure, cardiac arrhythmia, stroke, heart, liver, kidney or thyroid disease, seizure disorder, psychiatric disease, diabetes, blood sugar disorder, difficulty urinating due to prostate enlargement or if you are taking a MAO-B Inhibitor or any other medication. Discontinue use and immediately consult your health care professional if you experience any adverse reaction to this product. Do not exceed the recommended serving. Do not use if the safety seal is broken or missing. **KEEP OUT OF REACH OF CHILDREN.**
