

PRIMETM

dreamzTM

(NATURAL SLEEP AID)[†]

WITH MELATONIN

Dietary Supplement
40 Tablets

Directions: Take 1-2 tablets with 8 fluid ounces of water, 1 hour prior to bedtime. Take no more than 4 nights within a 7-day period. Use only as needed for occasional sleeplessness.

WARNINGS: For adult use only. Do not use if pregnant, nursing or taking MAO inhibitors. Consult your physician before taking this product if you are on interferon therapy or if you are taking other medications (especially medications that depress the central nervous system, including sedatives, antihistamines, antidepressants, anti-anxiety, and antipsychotic agents, and blood-thinning medications), if you are currently under a physician's ongoing care or if you suffer from blood clotting disorders, thyroid conditions (including Grave's disease), glaucoma, nocturnal asthma, depression, neuropsychiatric conditions (including schizophrenia), gum or Asteraceae plant (ragweed, aster, and chrysanthemum) allergies or Parkinson's disease. Melatonin has the potential for adverse effects if used long-term. High doses of passionflower have caused heartbeat irregularities in some people. Avoid use when driving or operating heavy machinery.

KEEP OUT OF THE REACH OF CHILDREN. Protect from heat, light and moisture. Store at 15-30°C (59-86°F). Do not use if safety seal is broken or missing.
