

PERFECT KETO[®] Base is formulated to provide you a boost of ketones to support getting into a state of ketosis.** It is common to lose electrolytes like sodium and magnesium when adapting to a ketogenic diet. **Base** is packed with these electrolytes to support hydration and your transition to becoming fat adapted.**

Base is best used throughout the keto adaptation period, or whenever you want a boost of ketones or electrolytes.**

WHEN TO USE

While you are becoming keto adapted**

On an empty stomach to help extend a fast**

In the morning to support mental performance**

Before exercise to support increased energy levels and hydration**

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any diseases.

* Product packed by weight, not volume. Natural settling may occur and cannot be avoided.

WARNING: Consult your physician before use if you are pregnant, nursing, have a medical condition, or are taking any medication. Keep out of reach of children.
