

BUILD MUSCLE, GET STRONGER & BE LEANER

ANABOL-5 is an ultra potent non-steroidal anabolic agent. By helping to create an anabolic and anti-catabolic environment ANABOL-5 assists in increasing the amount of protein a muscle can synthesize. When used in combination with intense weight training the adaptogenic properties of ANABOL-5 help stimulate overall anabolism and combat muscular fatigue. ANABOL-5 supports the body's own protein building cycle on a non-hormonal non-steroidal level. To help ensure maximum effects ANABOL-5 utilizes fast absorbing liquid capsules.†

25-R Spirostan-5a-diol-6-one-3-one-undecanoate		*
Rhaponticum Carthamoides		*
Hecogenin Acetate		*
* Daily Value not established.		

OTHER INGREDIENTS: Glycerin, Vegetable Cellulose, Mixed Tocopherols, Titanium Dioxide, FD&C Yellow #5 & FD&C Yellow #6.

RECOMMENDED USE: Take 2 liquid capsules twice per day. For best results take 2 liquid capsules first thing in the morning and immediately following your workout. ANABOL-5 is best used in cycles. The suggested cycle length is 12 weeks followed by a 2 week break.

Due to its anabolic properties ANABOL-5 has many applications. It can be used for bulking up when maximum weight, size and strength gains are desirable. It can also be taken during a cutting cycle to help preserve lean muscle tissue or simply to assist in building dense high-quality muscle.†
