

Organic Mucuna Pruriens Seed Powder

Net Wt
1 lb (454 g)

A natural source of L-Dopa, our Organic Mucuna Pruriens Seed Powder naturally contains 5% L-Dopa. L-Dopa is a precursor to the neurotransmitter dopamine, an important brain chemical involved in mood and movement. Mucuna has been traditionally used to support healthy stamina levels in women and men.

Suggested Use:

Begin by taking 1/4 teaspoon each day and if no negative reactions occur work up to 1 teaspoon daily. Mix with water, juice, yogurt, add to a smoothie, or infuse into a tea. Mucuna may work best when taken together with green tea extract.
