Stevia Extract **(Reb A 40%)**

Net Wt
44 lbs (20 kg)

Stevia is a natural herb native to Asia and South America. It is a small shrub like perennial plant which belongs to sunflower (Asteraceae) family. Stevia has been in wide use in South America, Japan, and many other parts of the world. Our non-GMO Pure White Stevia Extract Powder has been enzyme treated to remove the bitter steviosides and improve the overall taste.

Suggested Use:

As an herbal dietary supplement, take 1/4 of a 1/8 teaspoon (1/32 teaspoon) as desired. Stevia extract can be mixed into hot water or other beverages to dilute its intensity.
