Digital Blue®

Eye Health

Right ingredients, right amounts.
Each nutrient was selected to create a formula that helps eyes filter blue light and supports optimal visual performance.*

Lutein and Zeaxanthin

The 5:1 ratio in our formula is the ratio found in a healthy diet. These ingredients help filter blue light and support visual performance.*

Curcumin

An important ingredient that supports hard-working eyes.*

Omega-3

Helps maintain normal retinal integrity.*

Zinc

Helps transport important nutrients to the retina.*

Vitamin E

An important nutrient for maintaining healthy eye structure.

Digital Blue®

Eye Health

The average person spends over half of their waking hours looking at digital devices which produce high energy blue light. Over time, exposure to blue light can cause significant issues for your eyes.

Digital Blue was formulated by one of the world's leading experts in eye health nutrition. This formula fortifies your eyes with the nutrients they need to help filter blue light and supports macular density, which is critical for optimal visual processing speed, contrast sensitivity, and glare tolerance.*

Caution: For adults only. If you are pregnant, nursing, taking any medications, or have any medical condition, consult your healthcare professional before taking any dietary supplement.

KEEP OUT OF REACH OF CHILDREN
STORE IN A COOL, DRY PLACE
