60 Softgels

Macula 30+®

Eye Health

A healthy macula is a critical part of the eye for vision throughout life. It is constantly under stress, and as we age, many people develop significant problems that impact their vision.

Macula 30+ was formulated by one of the world's leading experts in eye health nutrition to help maintain normal macular density and promote macular health as you age.*

In addition to fortifying the macula, the ingredients in this formula also support healthy visual performance by supporting macular density, which plays an essential role in the ability to see in low light and the ability to recover from glare.*

Caution: For adults only. If you are pregnant, nursing, have a medical condition or are taking any medications or other supplements, consult your healthcare professional before use.

KEEP OUT OF REACH OF CHILDREN
STORE IN A COOL, DRY PLACE
