

THE ISOJECT™ DIFFERENCE -ADVANCED PROTEIN RELEASE TECHNOLOGY

When going to every extreme to create the most effective whey isolate in existence, you have to go to equal extremes when developing the flavor. Evogen Nutrition has done just that. However, 100% pure proteins that also taste great and utilize the latest technology didn't exist until now. This is why Isoject is setting the standard for GREAT TASTING 100% WHEY ISOLATE WITH ONLY 110 CALORIES PER SERVING. It utilizes cutting edge triple cold-filtered whey isolate which undergoes sensitive nano-filtration to preserve the quality of its ultra-pure whey isolate. There's zero low-quality animalation and you can be rest assured this formulation meets label claim.†

The IGNITOR™ Difference in BCAA Release (measured in mg)

The amount of IGNITOR™ is the amount of least released 250% more BCAA for a better taste, compared to 200% more BCAA from whey protein than traditional whey protein.

The IGNITOR™ Difference in Glutamine Release (measured in mg)

The amount of IGNITOR™ is the amount of least released 100% more glutamine for a better taste, compared to 100% more glutamine from whey protein than traditional whey protein.

Even better, it employs an all-new proteolytic enzyme technology to maximize protein breakdown into critical growth and repair amino acids. These specifically target leucine, valine, isoleucine, and glutamine. This proteolytic enzyme technology ensures maximum release and absorption of these key amino acids for rapid effects. This breakthrough IGNITOR™ Enzyme Technology is a breakthrough first to market by Evogen Nutrition. It supports your body's ability to rapidly breakdown protein, facilitate repair and recovery while potentially reducing stomach discomfort. All in all, Evogen Nutrition is redefining the standards when it comes to an incredible tasting ultra-pure whey protein isolate.†

Advanced "The Pro Creator," Harry Rambod has been constructing championship-winning physiques for over 20 years while using his ground-breaking FST-7 training system. Rambod prides himself on bringing only quality innovations to his customers around the world. The formulations with the Evogen Nutrition supplement line are crucial to the success of any ultra-intense training program because of their effect on muscle growth, repair, and muscle volume.†

INGREDIENTS: Cold-Filtered Whey Protein Isolate, Natural Flavors, Xanthan Gum, Salt, Sunflower Lecithin, Ground Vanilla Bean, (Endopeptidase and Exopeptidase Enzymes), Monk Fruit, Rebamipide A (Stevia).

ALLERGEN INFORMATION: CONTAINS MILK.

DIRECTIONS: Mix 1 scoop of Isoject per 6oz of cold water, milk, or your favorite beverage in a shaker cup, glass, or blender. Mix thoroughly before consuming.

WARNING: This product is only intended to be consumed by healthy adults 18 years or older. Always consult with your physician before using this dietary supplement product or starting any exercise training program or diet. Do not use this product if you are pregnant or nursing. Discontinue use and immediately contact your health professional if you experience any adverse reaction to this product. Follow label instructions and do not exceed recommended suggested use. Do not use if safety seal is broken or missing. KEEP OUT OF REACH OF CHILDREN.

SUGGESTED USE: Evogen Nutrition's Isoject™ is best used as part of a well-balanced diet that includes whole foods and other protein sources. Individual nutritional requirements vary depending on gender, body weight, level of activity and exercise/training intensity. However, in general, consuming at least 1 gram of protein per pound of body weight spread evenly throughout the day is recommended.

>> As a male weightlifting for strength or physique oriented goals, add 2 scoops of Isoject to 6-12oz of cold water, milk, or other beverage or mix.

>> Female: add 1 scoop of Isoject to 6oz of cold water, milk, or other beverage or mix.

>> As part of a general health and wellness diet, and lifestyle, add 1 scoop of Isoject to 6oz of cold water, milk, or other beverage or mix.

NOTICE: USE THIS PRODUCT AS A FOOD SUPPLEMENT ONLY. DO NOT USE FOR WEIGHT REDUCTION. STORE IN A COOL, DRY PLACE.
