Keep out of the reach of children.

17-ALPHA OXO NOLONE™ is a new and safe alternative to yesterday's pro-hormone supplements. **17-ALPHA OXO NOLONE™** is the only one of its kind pushing the envelope of technology to give strength and muscle gains. By enhancing anabolic/androgenic hormone production and estrogen suppression one can obtain a harder, leaner-looking physique without the harmful side effects.

6-Ketoderivatives: [25]-D-Spirosta-3,5-Diene, NeoHecogenin and Desoxydiosgenin display strong anabolic activity which also:

- Increases anabolic/androgenic hormone production
- Suppresses estrogen
- Increases strength

Oxymatrine and Matrine from Sophora act as a PDE-5 inhibitor also supplying:

- Endothelial Nitric oxide pump

All of which promotes a harder, leaner-looking physique!™

Warning: Not for use by pregnant or lactating women or for individuals under the age of 18. This product is designed for healthy adults only. Consult a health care professional before use if you are currently under medical care or are taking prescription drugs.
