

NutriClean®

digestive, liver and colon maintenance[†]

7-Day Cleansing and Detoxification System[†]

Complete Kit Including:

- 7-Day Supply of **Advanced Fiber Powder** (85.4 g / 3.01 oz)
- 7-Day Supply of **HepatoCleanse** (14 capsules)
- 7-Day Supply of **Release** (28 tablets)

Dietary Supplement

Directions for Use: In the morning, one-half hour before or two hours after your first meal of the day, take two **Release** tablets (from the blister pack). Also mix one rounded scoop (12.2 g) of **Advanced Fiber Powder** in an eight-fluid ounce glass of cold water, stir or shake briskly and drink immediately. At bedtime, consume the contents of one clear packet containing two **HepatoCleanse** capsules and two **Release** tablets.

Warning: This product contains rhubarb, buckthorn and *Cascara sagrada*. Read and follow directions carefully. Do not use if you have or develop diarrhea, loose stools or abdominal pain because rhubarb, buckthorn and *Cascara sagrada* may worsen these conditions and be harmful to your health. Consult your physician if you have frequent diarrhea. If you are pregnant, nursing, taking medication or have a medical condition, consult your physician before using this product. Do not use this product if you are experiencing abdominal pain, nausea or vomiting. If you have gall bladder problems or have had your gall bladder removed, you should not use this product. If you are allergic to any of the ingredients in these three products, you should not use the NutriClean system. Individuals who are currently using or have recently discontinued use of Warfarin (Coumadin) or other anticoagulant drugs should not use the NutriClean system. If you have scleroderma (systemic sclerosis), you should consult your physician before taking any type of fiber product. Consult your physician if you have experienced a sudden change in bowel habits that has persisted for two weeks prior to taking this product. This product is best if taken for a period of one week. Do not take it for longer than one week unless directed to by your physician. Rectal bleeding or failure to have a bowel movement after use of cleansing products may indicate a serious condition. If you experience these effects, discontinue use immediately and consult your physician.
