FRUIT FULL ANTI-OXIDANT EXTRACTS is a unique blend of Mother Nature's healthiest fruits and berries. It is well-established that rich-colored fruits and berries deliver a multitude of powerful protective compounds called polyphenols. Our **Fruit Full Anti-Oxidant Extracts** combines standardized extracts from 14 of the most well-researched fruits and berries to provide a broad spectrum of powerful natural protection. The Anthocyanins in our **Bilberry** extract protect the retina and its macular region while also supporting night vision. The fruit acids and anthocyanins in our **Cranberry** extract support the health of the bladder and kidneys while the proanthocyanidins and polyphenols in our **Grape Seed, Grape Skin** and **Apple** extracts offer extensive cardiovascular and circulatory benefits. We add our unique extracts from exotic super-fruits, such as **Pomegranate** and **Açaí Berry**, to extracts of well-known berries, such as **Blackberry, Elderberry, Raspberry, Strawberry, Chokeberry** and **Blueberry**. Each of these remarkably-rich extracts owes their protective properties to the deep, rich colors and pigments of their skins and pulp. We also add **Resveratrol** - the key beneficial molecule in Red Wine, Grapes and Grape Skin, because of its central role in the Mediterranean Diet. All the ingredients in **Fruit Full Anti-Oxidant Extracts** are standardized, so you are assured of the quality and consistency of its contents from the healthiest foods that are so rarely a part of our modern diet.
