

Vitamin D3

Vitamin D3 is a crucial nutrient for general health. Yet, a typical diet does not provide the recommended amount of this vitamin. In addition to supporting bone health, research shows that Vitamin D3 supports overall health.*

You may need additional supplements to support a healthy diet. Consult your nutritionist for a formula that's right for you. Or contact us at 877-438-2422 (877-274-8242) or zahler.com.
