

**NOW 30%
MORE POWERFUL**

Protect and repair

Laboratory studies show that Vivix key ingredients protect and repair DNA at the cellular level.

In a clinical study, key ingredients were shown to blunt the inflammatory response of healthy people to an unhealthy meal.*

Longer telomeres

In a preliminary clinical study, Shaklee users who took Vivix had a 40% lower rate of telomere shortening across the adult age range compared to a healthy control group.*

**13x more powerful than
resveratrol alone in
slowing a key
mechanism of aging**

In laboratory studies, Vivix key ingredients help slow the formation of AGE proteins, which can lead to cell damage.*

ITEM #21500

**An all-natural
blend of powerful
polyphenols, backed
by six patents,
designed to SLOW
AGING AT THE
CELLULAR LEVEL®***

These polyphenols help activate your natural cell defenses to neutralize free radicals and slow development of damaging AGE proteins that lead to cellular aging.*

Our patented extraction process concentrates and preserves bioactive polyphenols from the world's most potent sources including the rare muscadine grape.

**Six patents
Clinically tested
key ingredients**
