Curamin® PM

Nighttime Pain - Stop Pain Now*†

When you need nighttime relief, Curamin® PM is the safe, effective choice.*

A good night's sleep is even more important when you're suffering from pain. But pain keeps many people from getting the rest they need. Stop the vicious cycle with Curamin® PM.*

- . Non-habit-forming-safe to use regularly
- . No morning grogginess . Sleep soundly and wake refreshed*
- Curamin® PM combines powerful ingredients from the award-winning Curamin® with sleep-promoting compounds for a restful night and an active day.* Unlike some other sleep aids, Curamin® PM is not habit-forming, so you can

use it every night or just when you need it.* Curamin® PM is the smart choice for nighttime pain and restful sleep.*1

When nighttime pain is the problem. Curamin® PM is the answer!*1

With the powerful, effective ingredients in Curamin® PM, you can get a good night's sleep without morning grogginess.*

Powerful Ingredients for Nighttime Pain*† . BCM-95* Curcumin absorbs better than plain

- curcumin extracts. It delivers proven results for consistent benefits shown in 25 published studies. . BosPure® Boswellia is clinically studied and uniquely
- standardized to contain up to 10 times the beneficial compound AKBA as unstandardized extracts. as well as having reduced levels of undesirable beta-boswellic acid.
- . DLPA helps support the effects of endorphins, the brain's "feel good" hormones.*
- . Melatonin helps set your sleep-wake cycle, which is especially important for travelers, shift workers, or anyone with occasional sleeplessness.*
- . Vitamin B6 as Pyridoxal-5-Phosphate (P-5-P) can be used by the body because it is already in the bioactive form. Vitamin B6 is a factor in serotonin production and other reactions in the body that determine mood and nervous system function.*
