

Balanced Calcium and Mineral Formula

CORAL advantage® is formulated to help the body achieve optimal pH balance.* The formula provides coral calcium, minerals, vitamins, and trace minerals, with 21 co-nutrients shown to increase the absorption and utilization of calcium, including lysine. Each serving contains 1,000 mg of natural marine coral from Okinawa, Japan. The marine coral sands provide a trace mineral rich form of calcium and magnesium in a biologically optimal 2:1 ratio. Bioavailable forms of nine essential minerals are added for balance, including calcium and magnesium citrates. MSM is added to improve nutrient absorption.
