

Coral calcium is a natural source of rich micro-nutrients and minerals that aren't readily found elsewhere. It is also a highly bioavailable source of naturally occurring elemental calcium and magnesium in the proper ratio. Our Coral Calcium+ is harvested 100% above-ground and certified Eco-Safe to help preserve the natural eco-system of the Caribbean coral reefs. We have added D3 for maximum absorption and synergistic health benefits:

- Rich source of Micro-nutrients
- Overall Bone Health Support*

Emerald® is committed to creating only clean, pure, additive-free products.
