

This powerful joint formula offers clinical servings of Chondroitin Sulfate and Glucosamine Sulfate (stabilized with potassium chloride for those who wish to reduce dietary sodium) with Methylsulfonylmethane (MSM), a highly bioavailable source of organic sulfur, a combination which may help to support:

- **Healthy Cartilage Glycosaminoglycan (GAG) Production***
- **Collagen Production for Healthy Joints***
- **Exercise Recovery***

Emerald[™] is committed to creating only clean, pure, additive-free products. You can be 100% certain that our ingredients are in the purest form possible.
