

GCM + UC-II® is a unique combination of four joint support nutrients: Glucosamine, Chondroitin, MSM, and UC-II®Δ ingredient. A small amount, 40mg of UC-II® has been found to promote joint comfort permitting Doctor's Best to create a smaller, easier to swallow capsule, what we call a "maintenance" dose.* Double-blind, placebo controlled clinical studies have shown that a daily dose of 40mg of UC-II® supplementation is both safe and effective in supporting joint comfort.*
