

Stay young at heart. Specially formulated with MenaQ7[®], the superior form of vitamin K, this daily supplement helps support your vessel walls and arteries. This thoughtful dosage of MenaQ7[®], when paired with vitamin D3, helps inhibit soft tissue calcification and promotes arterial flexibility. Plus, vitamin D3 (cholecalciferol) is a natural way to maintain healthy heart and cardiac function. Naturally fermented using chickpeas, MenaQ7 is produced using strict production standards to ensure optimum bioavailability.*

- Supports**
- Arterial flexibility and health*
 - Calcium metabolism for maintaining healthy bones*
 - Soft tissue elasticity through effective vitamin K2 distribution*
