

Doctor's Best Sustained-Release Niacin with niaXtend® provides niacin in a form that helps minimize the incidence of uncomfortable skin flushing that is commonly associated with niacin.* Approximately 200 coenzymes are comprised of niacin that play pivotal roles in metabolism and energy production within the body.* niaXtend® has been tested to encourage a favorable blood lipid profile.* Research suggests that niacin, in combination with a well-balanced diet, may help maintain healthy cholesterol levels that are already within the normal range.*

- Helps support cardiovascular health***
- Helps encourage a favorable balance of blood lipids***
- Sustained-release formula decreases incidence of "skin flushing"***

Dietary Supplement

500 mg • 120 Tablets

Supplement Facts

Serving Size 1 Tablet
Servings Per Container 120

	Amount Per Serving	% Daily Value
Niacin (as nicotinic acid)	500 mg	3125%

† Daily Value not established.

Other Ingredients: Vegetable waxes (rice bran and/or carnauba wax), stearic acid, magnesium stearate (vegetable source), silica.

Suggested Adult Use: Take 1 tablet daily with food, or as recommended by a nutritionally informed physician.

WARNING: If you are pregnant, nursing, have a medical condition, or taking medication, consult your physician before taking this product. Temporary flushing such as warmth, itching or redness of the skin, are common side effects that may occur upon initial use. These effects may worsen if you drink alcohol or hot beverages shortly after taking niacin. Do not take more than 500 mg per day (one tablet) except under the supervision of a physician. Liver damage and jaundice are risks with high doses of niacin. Avoid high doses of niacin if you have a liver or kidney disorder.
