

CATALO
Children's
DHA
Formula
Support Brain Development*
60 Chewable Softgels
DIETARY SUPPLEMENT

CATALO Children's DHA Formula is made from unpolluted small ocean fishes by special technology to preserve the oil integrity. A serving provides 200mg DHA. CATALO Children's DHA Formula can assist better brain & eye development, and also support children's eye function, learning and thinking abilities for a brighter future. It helps alleviate symptoms of sensitivity and promote better health. CATALO Children's DHA Formula is specially encapsulated in a unique chewable softgel with delicious natural orange flavor, which is easy to be swallowed or pierced to be consumed with food. The fish oil inside can also be added to any food or drinks. Children simply love it!

Main Functions:

- Better brain and eye development and higher intelligence
- Better learning ability and eye function
- Alleviate symptoms of sensitivity

Suitable for: Children in the developing or learning stage, concerned about children's eye and brain development, unbalanced diet, frequent fast food diet
