DIETARY SUPPLEMENT

Sourced from Nature

CATALO DenxiBone™ Formula contains unpolluted red algae calcium from Iceland, together with natural marine magnesium, it provides natural calcium, magnesium, zinc and marine minerals which are essential elements for building bone structures and prevent calcium loss¹. The plant source sustainable algae is proven to improve joint mobility by strengthening bone structure and integrity.² Unlike calcium extracted from limestone, CATALO DenxiBone™ Formula has a high bioavailability and will not lead to adverse effect like bloating and constipation. With Vitamin D3 added, it further enhances bone formation and calcium absorption, thus improves bone density.

Main Functions:

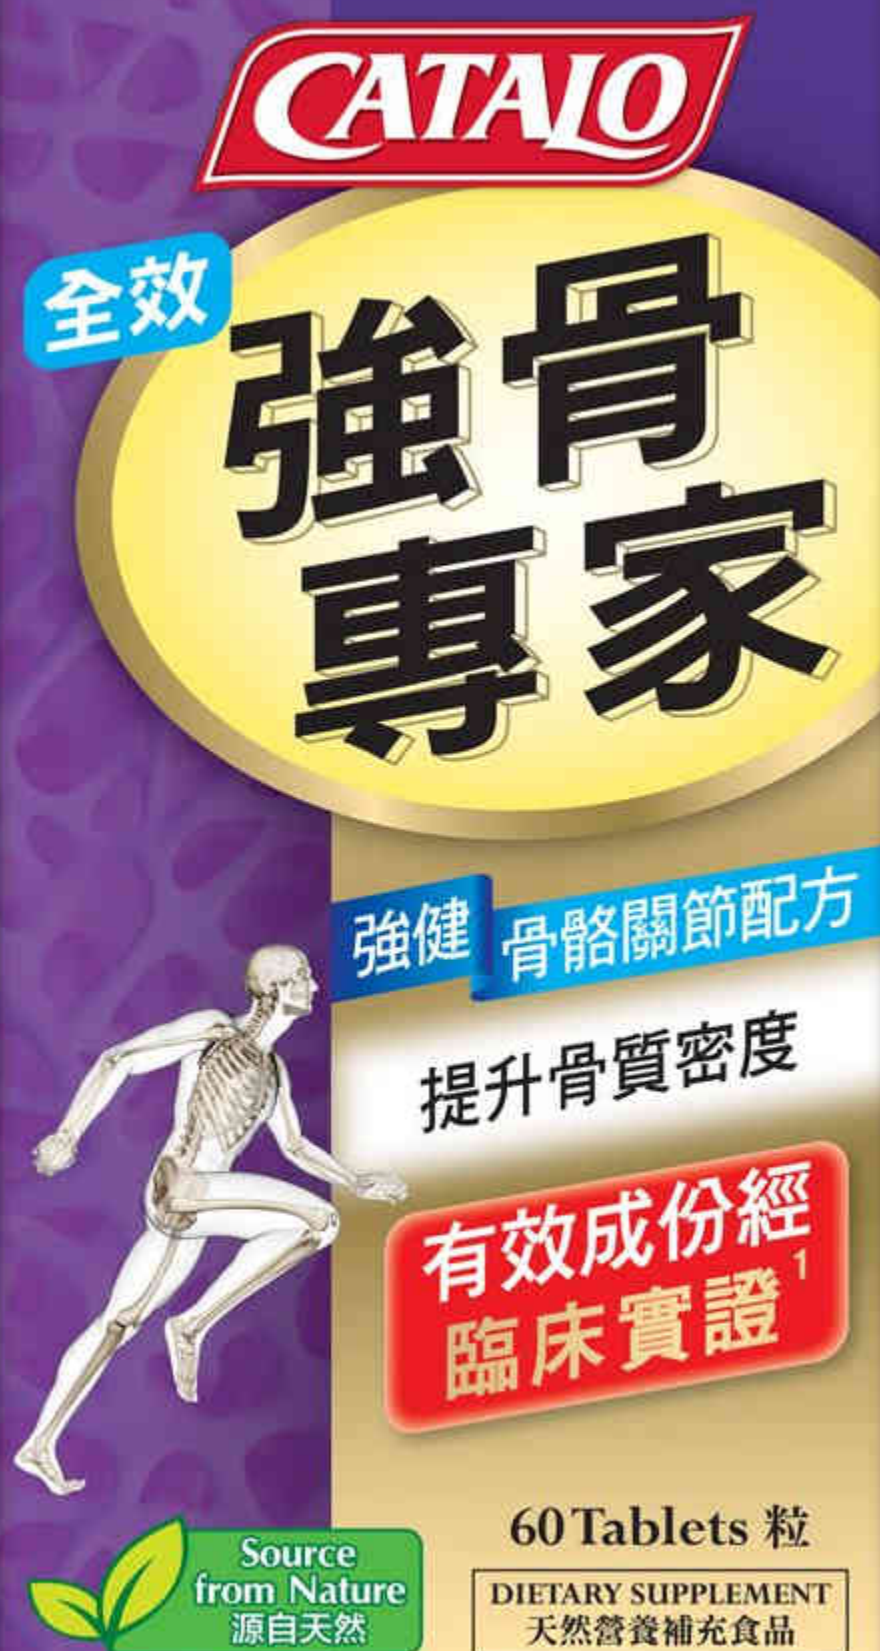

- Strengthen bone tissue and structure
- Improve bone density and tenacity
- Relieve joint pain and promote mobility
- Reduce bone loss
- Improve muscle strength

Suitable for: Teenagers, adults, elderlies, pregnant and lactating women, lack outdoor activity, concern about bone and joint health
