

CATALO Extra Soy Lecithin is made from soybeans by special technology to provide a high concentration of Phosphatides which is easily absorbed by the body and thus improves its efficacy. Extra Soy Lecithin provides basic structural components of cells in brain, liver and other parts of the body. Also named "Blood Vessels Cleanser" as it may assist in stabilizing blood pressure, blood lipid and cholesterol, maintaining blood vessel elasticity and heart health. Extra Soy Lecithin also enhances brain activities, memory and concentration. It can further improve liver health, maintain healthy liver functions, such as detoxification and alcohol breakdown, as well as the revitalization of overall health. It is suitable for people of all ages.

Main Functions:

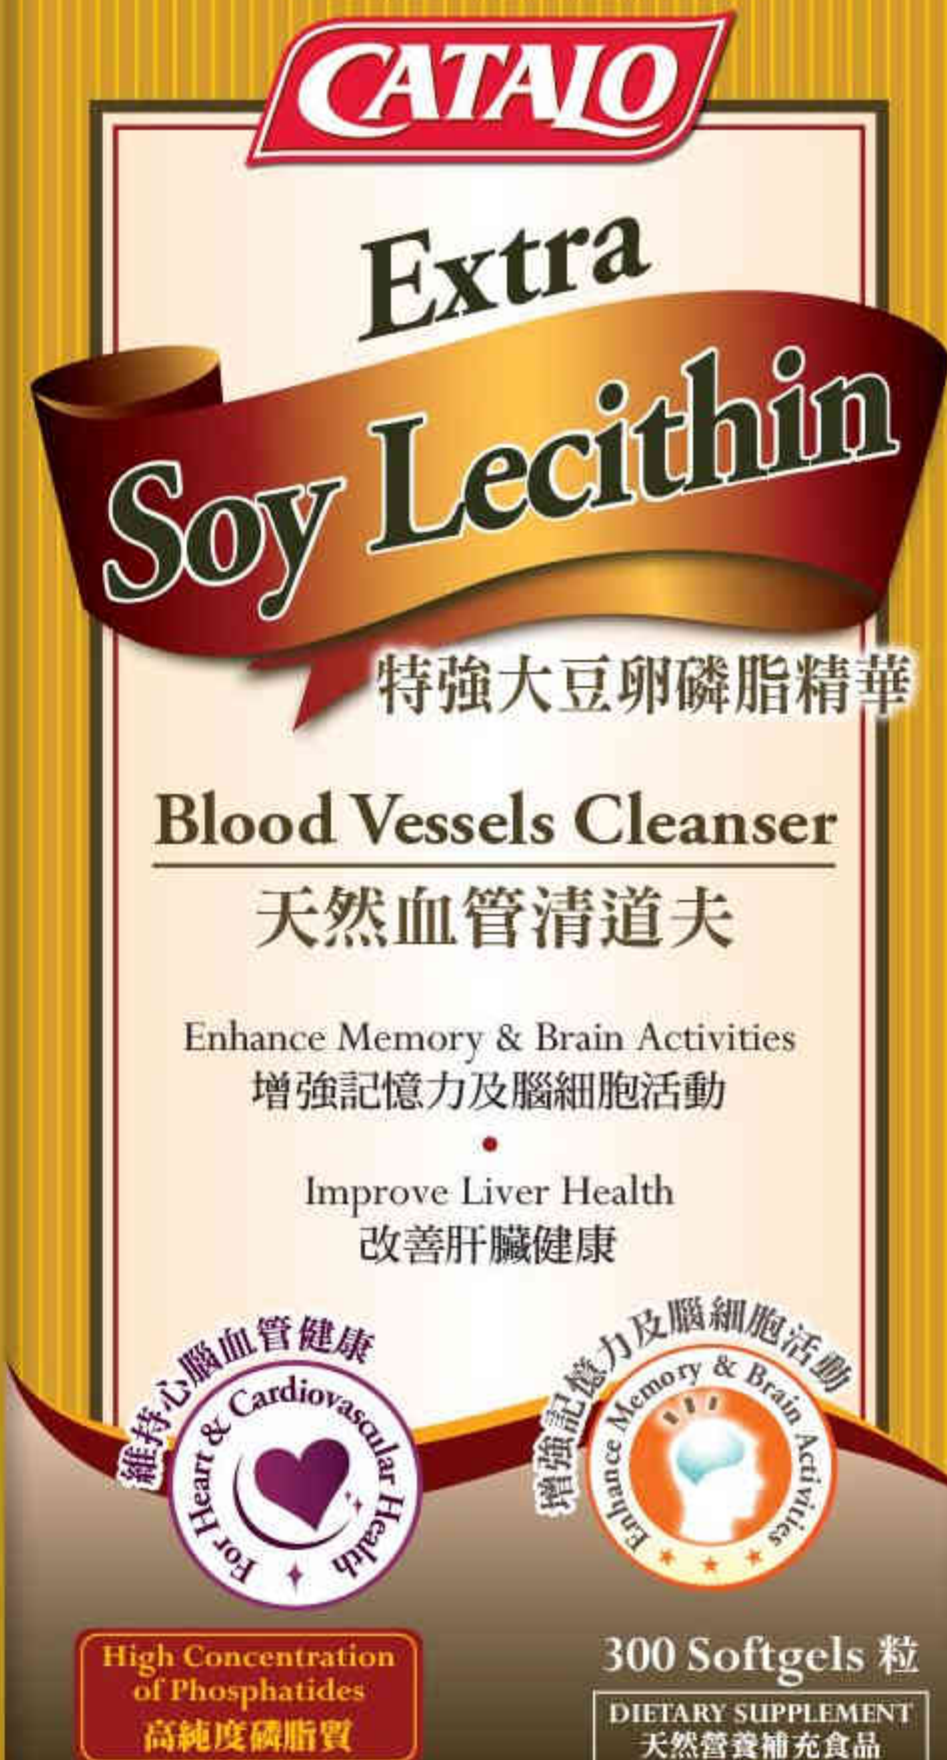

- May assist in stabilizing blood pressure, blood lipids, cholesterol and maintaining cardiovascular health
- Enhance brain activities, memory and concentration
- Improve liver health and maintain healthy liver functions
- Improve liver detoxification and alcohol breakdown

Suitable for: Adults, children, pregnant and lactating women, frequently diners-out, frequent meaty or greasy diet, promote liver functions and enhance memory, concern about cardiovascular and liver health, suitable for people concerned about blood pressure, blood lipids and cholesterol.
