VOLCARN 2000

POTENT THERMOGENIC
CARNITINE
STIMULANT FREE

Volcarn 2000 is our potent thermogenic carnitine formulated to fuel performance while simultaneously breaking down fat stores and burning them off for energy. You will feel the powerful thermogenic effects within 30 minutes when a rush of warmth overcomes your body. This is the GBEEC (known as "super carnitine") kicking in. GBEEC works by increasing serum carnitine levels, turning your body into an ATP-activating, fat-burning inferno. Our formula packs a one-two punch and is also complete with an additional 2000 mg of the most bioavailable form of carnitine to ensure that your ATP levels are maximized, prepping you for next-level intense and vigorous workouts.

Directions: Take one (1) serving 30 minutes prior to your workout. One capful of Volcarn 2000 amounts to approximately two (2) servings. You can work your way up to three (3) servings per day.

KEEP OUT OF REACH OF CHILDREN Store in a cool, dry place.
