ZYLARIA™

SLEEP AND MOOD SUPPORT†

Quiet your mind and drift off into the deepest, most restful sleep imaginable with Zylaria™. The brain relies on the neurotransmitter gamma-Aminobutyric acid (GABA) to let it know that it's time to unwind. With just 1-2 capsules of cutting-edge Zylaria™, you'll stimulate the brain to produce GABA — helping you feel pure bliss and relaxation before bed. Plus, its sedative-like effects will ensure you fall asleep faster and sleep peacefully through the night with no next-day grogginess.†
