NEOLIFE®
Beta-Zyme®

A comprehensive digestant that supplements the body's natural digestive secretions, Beta-Zyme® supports optimal digestion and helps maximize nutrient availability, while minimizing digestive discomfort.*

Made from plant-sourced enzymes plus other naturally sourced ingredients, non habit-forming Beta-Zyme® addresses the causes of stomach and intestinal indigestion and not just the symptoms.*

Beta-Zyme® consists of Beta-Gest® (two tablets) and Enzyme (three tablets), which contain protein-digesting enzymes and hydrochloric acid, that assist with the breakdown of protein into amino acids. Carbohydrate breakdown is enhanced with amylase, and dietary fats are digested with support from lipase and dehydrocholic acid. These digestive agents promote healthy, stress-free digestion and optimum nutrient availability.*

Store in a cool, dry place, away from direct sunlight.
