Packaged by weight, not volume. Settling may occur.

Genestra HMF™ (Human Microflora) Probiotics offer:

- Clinically studied, proprietary strains
- Doctor-recommended for over 20 years
- Research-driven, condition-specific formulas
- Potency guaranteed through expiration

Recommended Dose: Infants and Toddlers (0 to 36 months old):

Take 1 scoop daily or as recommended by your health professional.

Preparation instructions for adults:

1. Wash your hands thoroughly.
2. Measure 30 mL (2 tablespoons) of water and pour into sterilized bottle.
3. Using the enclosed scoop, add 1 level scoop of powder to water or formula. Shake well until powder is dissolved.
4. Feed to infant immediately. After feeding, any solution not consumed within 1 hour should be discarded.

Warning: If your child has any health condition or is taking any medication, consult your health professional before use. CAUTION: If your child is immunocompromised, consult your health professional before using probiotic-containing products. **Keep out of the reach of children.** This product was sealed for your protection. Do not use if box or contents are open or damaged. Store under refrigeration (below 46 °F).
